HELSINKI HOSPITALS BOMBED

BELLIGERENTS TO BE WARNED BY AMERICAS

Strong Statement Against Violation Of Neutrality Belt Prepared

GERMANY PROTESTS

Thinks Members Of Graf Spee Crew Should Be Released

WASHINGTON, Dec. 21.—(AP)—The American republics prepared a strong statement to Europe's belligerents today, to tell them in effect that further violations of the neutrality belt will bring a stronger reaction than wordy diplomatic protests.

The statement, which may be issued tomorrow, is to be a general declaration of the 21 nations, including the United States, which laid down the zone at the Pan-American conference in Panama last summer.

Among the events occurring within the zone and thus disturbing neutral nations which want to keep the war off their doorsteps are:

The German-British naval battle off Uruguay, the pursuit of the German freighter Arauca by a British warship into Port Everglades, the scuttling of the German liner Columbus within gunshot of a British destroyer, and the halting of the American liner Santa Rosa by the French cruiser Jeanne D'Arc.

In London, it was said the British navy felt free to fight anywhere on the high seas but believed at the same time that if limits of the zone could be made to work it would be to the advantage of the allies.

The American republics intend to consult after Christmas on how to determine and enforce a common policy in handling belligerent warships which come into their harbors.

Brazil has proposed that warships fleeing to Pan-American ports be automatically interned.

GERMANY PROTESTS HOLDING OF CREW

BERLIN, Dec. 21.—(AP)—Germany protested today to the Argentine government against internment of officers and crew of the scuttled pocket battleship Admiral Graf Spee.

A communique by DNB, official German news agency, said Germany called Argentina's attention to the fact that shipwrecked crews of belligerent

SAYS PELTIER MADE MILLION

Jones Tells Of Huge Profits Received By Louisiana Politicians

WINNSBORO, La., Dec. 21.—(Special)—Swinging through the fourth day of his five-day tour of the Fifth congressional district, Sam Jones, Lake Charles candidate for governor, told audiences in this part of the state today that "what Louisiana needs right now is the hanging of a bunch of political crooks."

Jones made this statement in discussion of the revenues received from state oil leases by Harvey Peltier of Thibodeaux, Earl Long-Bob Maestri candidate for lieutenant-governor.

"Peltier was a state senator who got $600 every two years but who ran that into a million by handling state oil leases," Jones said. "He has two rugs from some foreign country that cost $7,000 and an imported painting that he hired an artist to come down from New York to hang for him so it would be just in the right place.

"What Louisiana needs right now is not the hanging of paintings, but the hanging of a bunch of political crooks."

Jones charged that Mayor Maestri of New Orleans, who he said "owns Earl Long" and others of the state

JUDGE BORAH SETS INJUNCTION HEARING

NEW ORLEANS, Dec. 21.—(AP)—Judge Wayne G. Borah today set a hearing for 2 p.m. tomorrow on a preliminary injunction asked in federal court by counsel for the People's league seeking to prevent police interference with peaceful picketing.

The jurist explained that he was too occupied with the summations in the Shushan mail fraud trial to complete conferences on the case with counsel today.

The suit was filed by T. Hale Boggs and Samuel I. Rosenberg, officers of the Peope's league, after a crowd of men rushed from city hall Monday and beat three league workers who were picketing city hall and carrying placards critical of Mayor Robert S. Maestri.

The mayor was denounced for "high-handed and dictatorial act" in a citizens' mass meeting Tuesday and he issued an order to the police instructing them not to molest peaceful picketing.

Mass meeting speakers also demanded that the conservation department books be opened to the public.

Mistrial Motion Again Denied In Shushan Trial

ARRESTING PHOTO

A Johnny-on-the-spot cameraman snapped this photo of Philadelphia police capturing a robbery suspect. Robber held up a bus terminal, dashed out a door. No exit, it lead to a washroom, where he was trapped. Above, a detective and patrolman warily take cover behind a locker while other officers, one with drawn gun, guard the door. Fugitive threw out his gun and surrendered.

LANGSDORFF'S SECRETS WILL GO TO GRAVE

Funeral Services For Graf Spee Commander To Be Held Today

By Harold K. Milks

BUENOS AIRES, Dec. 21.—(AP)—The secrets of Captain Hans Langsdorff's thoughts in the hours of darkness before he died by his own hand will go with him to the grave today.

The commander, who obeyed orders of Adolf Hitler in destroying the German raider Admiral Graf Spee Sunday rather than renew a battle with British cruisers outside Montevideo, wrote a farewell letter to the German embassy just before committing suicide Tuesday night.

An Argentine naval commission investigating his death recommended that the letter be impounded and withheld from the public. It said its report would show that Langsdorff shot himself in his room at the naval arsenal here as reported by the embassy.

The slight body of the 45-year-old commander lay in state at the arsenal today in a cubicle no larger than his cabin aboard the Admiral Graf Spee, which the British chased into Monte-

L. BUCHALTER, GUILTY, FACES OTHER CHARGES

Could Receive Possible Maximum Sentence Of 164 Years

NEW YORK, Dec. 21.—(AP)—Swarthy Louis (Lepke) Buchalter, 42, who will be sentenced January 2 for conspiracy to violate the narcotic laws, still faced today narcotic and bribery charges under which he could be sentenced to a maximum penalty of 164 years in prison and $180,000 in fines.

Judge John C. Knox told William W. Kleinman, Buchalter's attorney, that "you should know how you are going to plead on these other charges by January 2," but Kleinman did not indicate how his client would plead.

A federal court jury convicted Buchalter of conspiracy last night after hearing the government describe him as "top man" in a $10,000,000 international syndicate which smuggled drugs into the United States illegally from France, Japan, China and other countries in 1935-36-37.

Buchalter, once described by District Attorney Thomas E. Dewey as "Public Enemy No. 1" and "the nation's No. 1 industrial racketeer," did not take the stand to defend himself. His counsel offered brief charac-

All German Ships Carry Trained Scuttle Squads

By Hal Boyle

NEW YORK, Dec. 21.—(AP)—Survivors of the German liner Columbus told today how Nazi ships carry trained "scuttle squads" to comply with general orders from Berlin requiring them to burn and sink their own vessels rather than let them fall into enemy hands.

The Columbus, destroyed by its own crew Tuesday off the American coast after it sighted a British destroyer, was the 12th Nazi ship sent to the bottom under Adolf Hitler's maritime policy of suicide before capture.

Its master, Captain Wilhelm Daehne, who with 576 other survivors was taken to Ellis island last night from the rescue vessel, the United States cruiser Tuscaloosa, seemed depressed at the loss of his ship but shrugged fatalistically when asked why he had given the command to sink it.

"You get an order and you obey," he said quietly. "You don't ask questions. . . ."

The lean, middle-aged German sea captain said the Columbus, scuttled within the American neutrality zone 240 miles southeast of Nantucket Shoals lightship, carried no weapons other than "six pairs of boxing gloves."

The crew members were highly excited on docking at Ellis island to read of the suicide at Buenos Aires of Captain Hans Langsdorff of the Admiral Graf Spee, who scuttled his crippled pocket battleship off Montevideo last Sunday on orders from Berlin.

No German officer would comment, however, on Captain Langsdorff's death.

The survivors, including nine women stewardesses and two boys, will be kept at Ellis island until they have been examined by immigration officials.

They appeared relieved and happy to be ashore and laughed as they described how they scuttled the third largest vessel in the German merchant marine.

More serious was Third Officer Henry Lampe, 27, who said the two crew members lost when the others put out in 22 lifeboats apparently thought the alarm was only the signal for another "scuttle drill."

Lampe, a stocky figure speaking in slow, precise English, explained that when the alarm sounded indicating an enemy vessel had been sighted, each crew man leaped to carry out orders given in advance.

He said the Columbus' seacocks were opened by engine crews while ten men, known as the "stosstrupp" or special action crew, seized drums of benzine and emptied them in strategic spots throughout the vessel.

Two trusted sailors, Lampe continued, followed them with incendiary torches that turned the 32,500-ton ship into a flaming hulk.

Crew members had had their duffel bags packed ever since the Columbus left Veracruz, Mexico, last Thursday noon for a destination—announced to the press as Oslo, Norway, but known only to the captain.

Most of the crew, until they were actually on deck, thought the last

ARGUMENTS IN MAIL FRAUD CASE BEGUN

Rogge Calls Alleged Payment Received By Fitere Bribe

10 HOURS ALLOTTED

Each Side To Have Half This Time To Complete Summation

NEW ORLEANS, Dec. 21.—(AP)—Federal Judge Wayne G. Borah, just after closing arguments had started today in the Shushan mail fraud trial, overruled a defense motion for mistrial and the arguments continued.

The motion was the third defense attempt to have a mistrial declared since the trial opened December 4—the second federal case in the Louisiana scandals investigation.

O. John Rogge, assistant attorney general, opened the summation for the government and defense counsel quickly challenged the word "bribe" in his statement.

Before a crowded courtroom Rogge described an alleged payment of $12,500 to Charles Fitere, late employe of the Orleans levee board as a "bribe" and said:

"There is no question that Fitere got the money. What he did with it after he got it doesn't show."

Hugh M. Wilkinson and Edmond E. Talbot, defense counsel leaped to their feet and exclaimed:

"We ask for a mistrial on that statement," declaring it was "prejudicial," and asking the court to instruct Rogge to "stay within the record."

In overruling the motion Judge Borah told the jury to disregard any statement made outside the record and directed Rogge to keep his argument "within the record."

The five defendants are charged with mail fraud in collecting and splitting a $496,000 fee for refunding three bond issues of the levee board amounting to more than five and a half million dollars three years ago.

They are A. L. Shushan, former president of the levee board; Herbert W. Waguespack, former member; Nor-

FINLAND SEEKS $50,000,000 LOAN

Wants To Borrow This Amount From U. S. To Buy War Materials

WASHINGTON, Dec. 21.—(AP)—Finland was reported reliably today to be seeking a $50,000,000 loan from the United States government to buy war materials for use against invading Russian armies.

Representatives of the Finnish government were said to have sounded out congressional leaders on the proposal after they were unsuccessful in obtaining Wall Street financing for such a sum.

Although these representatives were described as restrained in their discussions, one member of congress who was approached said he gained the distinct impression that the Finns felt they could not long hold out against Russia's overpowering forces unless they were given more than moral support.

The Reconstruction Finance corporation recently lent Finland $10,000,000 for the purchase in this country of non-war materials such as agricultural surpluses. This money went to the Finnish-American Trading corporation, organized by Hjalmar Procope, Finnish minister to the United States.

While the Finns welcomed this, they were represented as contending that their greatest need was for battle planes, guns and other war materials.

Preliminary discussions among congressmen apparently brought no definite reaction one way or the other on the proposed loan because of the complex questions involved.

Such a loan, it was pointed out, would violate a principle which has been laid down in this government's recent financial transactions with oth-

WEDNESDAY IS BIG DAY AT POSTOFFICE

Wednesday at the Monroe postoffice was another big day. While the sale of stamps failed to reach the high peak of Tuesday, the volume of outgoing package mail again equalled the previous day's record, stated Postmaster J. R. Wooten.

The staff anticipates that the volume of mail will continue about the same for the next two days when it will get back to normal.

Business is handled with dispatch through the addition of extra clerks and trucks to make the deliveries.

Governor Earl K. Long, candidate to succeed himself, said at Bunkie that the conservation department records, object of bitter dispute in the gubernatorial campaign, would be opened for inspection when federal investigators get through with them.

Meanwhile, at West Monroe, Sam Jones said he had "smoked" Long into admitting he knew about "the pillaging and plundering" in Louisiana when Long was lieutenant-governor.

Candidates James H. Morrison and James A. Noe, in New Orleans, took verbal swats at each other and the other candidates.

Long did not say on what date the conservation department books would be available for inspection. Citizen groups have made repeated requests to see them.

Long, after discussing the books, said the "lying newspapers" could think of nothing against him except

OLD REGULARS TELL OF POLITICAL SPLIT

NEW ORLEANS, Dec. 21.—(AP)—Old Regular political leaders in the Tenth ward today said there was an open split between their group and the Louisiana Democratic association over endorsement of candidates for the state house of representatives.

Judge Robert Skinner, co-leader of the Tenth ward with William S. Daly, city treasurer, of the Old Regular group said in an interview, "I am supporting Robert Davey and my organization is supporting him for the house."

"Who is the Long organization supporting?" he was asked.

"It is supporting Eugene O'Brien," he replied.

Dr. Joseph A. O'Hara, ward leader for the Louisiana Democratic association (the Long organization), could not be reached immediately for comment.

MARY CHRISTMAS FINDS YULETIDE EXTREMELY BUSY

RACINE, Wis., Dec. 21.—(AP)—Mary Christmas stood on a street corner today, rang her little bell and sighed because the days didn't have more hours.

The unusual woman with the unusual name, who has devoted her life to bringing to others a touch of the holiday cheer her name implies, couldn't see how she could get all her tasks done before Christmas.

There was the matter of watching the Salvation Army pot on one of Racine's busiest corners; there were Christmas presents to prepare for her five children; there were many, many letters to be answered and her housework, choir practice and baskets to prepare for needy families.

"I don't mind doing these things," she said. "I love to do them (and she has for many years) but this year there seems to be so much more than usual and such a short time to do them."

Mrs. Christmas is the wife of Sam Christmas. They have been married 18 years. For a time after her marriage, Mrs. Christmas used the name Myrtle, foreseeing the complications of Mary Christmas. When she started using her real name, the mail began coming.

At first she received only a few letters and cards annually asking autographs. About three years ago her name became nationally known and the correspondence increased a hundred-fold. Now her home is a clearing house for children's requests to Santa Claus and headquarters of a correspondence club whose members mostly are physically handicapped.

"Our Shut-In Pen club," she said, "has helped hundreds of unfortunates get in touch with others who are handicapped. We receive mail from far-off places. An infantile paralysis suf-

MATTHEW WOLL FLAYS RUSSIA FOR INVASION

Says Attack On Finland 'Reaches New High For Sheer Mendacity'

NEW YORK, Dec. 21.—(AP)—Matthew Woll, vice-president of the American Federation of Labor, believes Soviet Russia's attack on Finland "reaches a new high in international affairs for sheer mendacity, for cynical contempt of the good opinion of mankind."

"To help Finland today is to help America tomorrow," he asserted in an address at a "let's help Finland" mass meeting in Madison Square Garden last night.

The meeting was led by former President Herbert Hoover, national chairman of the Finnish relief fund, who declared "every decent person in the world is praying to God that these brave people shall yet be saved."

Appealing to Americans to "open hearts and hands" to Finland with contributions to the fund, Hoover said, "at the moment, there is no actual shortage of food in Finland. But the thousands of destitute need funds to buy it. They need shelter. They need bedding. The sea blockade and the destruction of their commerce will bring famine later on."

Among others who spoke were Senator Robert F. Wagner, Democrat, New York, Senator Burton K. Wheeler, Democrat, Montana, and Hjalmar Procope, Finnish minister to the United States.

Wagner said, "No smoke screen can blacken out, or even blur, the right

RUSSIA STAGES AIR ATTACK ON FINNISH CAPITAL

15 Shells Fall In Five-Block Area Housing Wounded

COLD HELPS DEFENSE

Scores Of Soviet Tanks Stalled By Frozen Crank Cases

(By Associated Press)

Russian warplanes raided the capital of Finland today as the Soviet Union, starting the fourth week of her Finnish invasion, observed Joseph Stalin's 60th birthday with celebrations throughout the nation.

Fifteen bombs fell on a five-block hospital area in Helsinki. Seven hospital structures were hit.

Not all the bombs exploded but grave damage was done several of the buildings from which the majority of patients already had been removed.

Aerial warfare developed in another European quarter when Netherlands planes battled aircraft of unidentified nationality over Utrecht. The invaders, who were reported to have come from the direction of Germany, escaped behind a smoke screen.

Italy and Germany, hoping to avoid friction over minorities, published a new agreement promising inhabitants of the Italian Tyrol they could remain on their ancestral soil if they chose Italian citizenship instead of German. The agreement supplemented a previous accord arranging for the transfer of Tyrol inhabitants to Germany, if they preferred German citizenship.

France, following the lead of other war participants, published a "yellow book" containing documents on the origins of the war.

Bitter cold weather aided the Finnish forces on the battlefronts, where they reported some success in staving off the Russian invasion. Reports reaching Copenhagen said scores of tanks were stalled in the far north by frozen crank cases.

Russian troops were seen moving northward in Finland's Arctic ocean corridor, but it was uncertain whether the main southward drive there had

POPE RECEIVES ITALIAN KING

Lauds Government For Permitting Nation To Stay Out Of War

VATICAN CITY, Dec. 21.—(AP)—Pope Pius XII, receiving King Vittorio Emanuele and Queen Elena in official audience, lauded the Italian government today for "permitting Italy in this grave moment of war to remain outside the conflict."

Vatican City authorities announced that on December 28 the pope would go to the Quirinal palace to return the visit in the first call by any pontiff on an Italian king since unification of Italy 69 years ago. The palace once was occupied by the popes themselves when they ruled Rome.

The pope's visit would thus mark increasingly close relations between the vatican and the Italian government since Pope Pius XI negotiated the lateran accords in 1929, ending the long dispute between church and state that grew out of the Italian occupation of Rome.

From 1870, when Italian troops entered the city, the popes had considered themselves prisoners in the vatican, refusing to leave it as a protest against the loss of their temporal domain.

Pope Pius XI ended the voluntary "imprisonment," and was visited by the king and queen after the lateran accords, but he sent his secretary of state to return the call.

Today the royal visitors were accompanied by high government officials in 15 automobiles.

The governor of Vatican City met them at the boundaries of the vatican and read an official message of welcome.

The king and queen then proceeded to the papal apartments where they talked with the pope for 40 minutes and presented members of their party.

After a brief speech, Pope Pius bestowed his blessing on them, other members of the royal house, the Italian government and all Italy.

The king wore the uniform of a field marshal and the queen a white lace dress with a long train and a golden diadem.

FARM LENDING POLICIES TO SEE CHANGES

Secretary Wallace Gains Greater Control Over Credit Body

WASHINGTON, Dec. 21.—(AP)—Changes in farm lending policies were expected in many capital quarters today to follow Secretary Wallace's victory in obtaining greater control over the farm credit administration.

Agriculture department officials, it was learned, wanted to tie in the operations of the $5,000,000,000 agency more directly with their general objectives, including those of soil conservation.

It is expected that the FCA henceforth will provide a measure of supervision and give advice on farm operations to its borrowers.

A conflict between agriculture department and FCA [illegible] reached a climax yesterday with the resignation of F. F. Hill as governor of the credit agency. President Roosevelt appointed Dr. A. G. Black, [illegible] of the agricultural [illegible] marketing and regulatory [illegible] Hill.

of foreclosed farms which the agriculture department deemed unsuited for cultivation.

The American Farm Bureau federation, at a recent meeting in Chicago, adopted a resolution asking that the FCA be placed under a board of directors within or correlated to the agriculture department. The National Grange and the National Cooperative council have urged that the FCA be kept independent.

F. T. Benson, secretary of the latter, said recently that his organization and other farm groups would appeal to congress to overturn any changes giving Wallace complete control of the FCA.

WANTS TWO ON LABOR BOARD TO STEP OUT

Ramspeck Says Madden And Smith Not Meeting Will Of Congress

WASHINGTON, Dec. 21.—(AP)—Representative Ramspeck, Democrat, Georgia, called today for the resignations of J. Warren Madden and Edwin S. Smith from the National Labor Relations board, and also proposed two major amendments to the Wagner labor act.

Ramspeck, ranking Democrat on the house labor committee, told reporters that if Madden and Smith did not resign, congress should abolish the present three-man board and create a new one. William M. Leiserson is the third member.

"Madden and Smith, especially Smith, in my opinion have not carried out the will of congress even though they have tried to do an honest job," Ramspeck said.

"They seem to have the opinion down at the board that the act was created so they could help unions organize, rather than so that the right of a man to join a union could be legally protected."

He advocated these changes in the Wagner act:

Protection for small unions "which the board has permitted a larger union to take over in some instances."

Formal assurances that employers will have the same right to ask for a collective bargaining election as their workers.

Last summer the board changed its regulations to permit employers to ask for elections, but Ramspeck said that permission should be placed in the law itself "so the board won't be able to change its mind again."

Ramspeck said he hoped that the house labor committee would resume hearings on Wagner act amendments immediately after congress meets January 3, regardless of the investigation of the board by a special committee headed by Representative Smith, Democrat, Virginia.

"I'm afraid that if we waited on the Smith committee to make its recommendations, it might be too late in the session for us to get any amendments at all through congress," Ramspeck said.

The Smith committee will resume hearings January 5 for another week or ten days and then go into the field, starting with Detroit.

William Green, president of the American Federation of Labor, said last night that the Smith committee had produced evidence which supported his organization's contention that the labor board is partial to the C. I. O.

Lesson On Pensions

Any unemployed Colorado resident over the age of 60 is eligible to receive an old-age pension grant of 50 a month. This is $20 a month more than the maximum aid in other states to jobless persons over 65. The fed- al government now is willing to kick in as high as $15 r every grant to persons above 65. After January 1 ncle Sam will go as high as $20. That still leaves it to Colorado taxpayers to manage the additional $30 - entire $50 in the cases of folks between 60 and 65. As a result of this pension law, property taxes in the of Denver shot to an all-time high. In order to meet share the city increased its tax rate to $18.70 per ,000—a gain of $2.14. A nuisance tax of 50 cents a wheel was placed on automobiles and trucks and a one-cent levy was placed on cigarets. In addition, all firms doing business on the installment plan must pay a $50 annual license fee.

States which have rejected abnormal jumps in their pension programs should be particularly thankful in this season of the year when budgets must be drawn and tax levies figured out.

Science As War's Cure

It is encouraging to find a man of the vision of Dr. Karl T. Compton, president of Massachusetts Institute of Technology, suggesting that ultimately scientific research will displace "organized loot and robbery" as a means of solving the economic wants of mankind.

However, with large sections of the world torn asunder by greedy and vindictive nationalism, the arrival of the Compton Utopia indeed seems a long way off.

The American view nevertheless is that the spread and progress of popular government eventually will put the brakes on totalitarian ambition. And it is certain that the unemotional trial-and-error technique of modern science will aid men in arriving at that happy and desirable goal.

Our Children

By ANGELO PATRI

A CHILD'S CONSCIENCE

[illegible]

Fear [illegible] ought [illegible] breaking a commandment [illegible] interpret that fear, [illegible] God according to their experiences, but a child having no experience [illegible] what his teachers and parents offer within the limits of his opportunities, takes the commandments and his idea of God without question. Faith in these matters comes before reason. One does not and cannot reason about God. He is and that's all we can make of it.

Don't put trivial things on a child's conscience. It is easy to worry the heart of some children by telling them that they are bad, and the like, because they did not obey on the minute, failed in a lesson, forgot a chore, or neglected one. Draw a line between the essentials and the near-essentials, and again between those and the nice things to do. Then put first things first.

Teach a child that it is wrong to lie, to save oneself at another's expense, to take what is not ours, to kill anything save in self-defense, to be selfish and to be idle. Put these things upon his conscience. They are the foundations of his character and the bulwark of his spirit.

Let manners, behavior in general, hanging up his pajamas, for example, be casual. Good ways, nice ways, but do not attempt to raise them to the level of conscience. That way trouble lies. Too many first things makes none of first importance. A too-sensitive conscience is as bad as a dumb one. A dumb one is a tragedy. The whole matter is in the hands of parents and teachers, and a grave responsibility it is.

If a little child, or an older child in your family, finds it hard to get along with grown-ups or playmates, send for Angelo Patri's booklet, "The Child and Other People," enclosing ten cents in coin. Address Angelo Patri, care this newspaper, Postoffice Box 75, Station O, New York, N. Y.

It has the double purpose of putting his campaign on a national basis, as distinct from the local basis indicated by the now-abandoned headquarters in Indianapolis, and of divorcing McNutt's political activities from the security administration.

* * *

One To Reckon With

On at least two occasions McNutt's critics have pointed to certain of his security Administrator activities as having more point to him as a candidate than to the aged. McNutt is too shrewd politically to let mischief of that kind dog his steps.

That is one thing even his critics concede: that he keeps his political head working at all times. Not all of his critics, moreover, are idealistic left-wingers in the administration. He has others who just plain don't like him on general principles.

But at this point near the beginning of heavy going in the coming campaign, he is a man to be reckoned with. The Gridironers put their own stamp of that judgment.

LONG PREDICTS WIN BY 100,000

Asserts He Will Defeat All Opponents In First Primary

ALEXANDRIA, La., Dec. 21.—(AP)—Governor Earl K. Long predicted in a statement issued here today that he would win the Democratic gubernatorial nomination on January 16 "by 100,000 votes over all of my opponents."

"There won't be any second primary," he said. "I'll win over all of my opponents by 100,000 votes and if I continue to gain in the next 3½ weeks like I have in the past month my majority over all my opponents will be as much as it was four years ago, 186,000."

Long issued his statement as he prepared for his central Louisiana rally tonight at Pineville at which he said Mrs. Huey P. Long, widow of his late brother, Senator Long, would appear along with the candidates on his ticket.

In his statement Long said he "didn't positively know of any out-and-out graft in the state before he became governor."

Long said newspaper reports on his Lutcher speech quoted him as saying "I knew all about this steal in the state before I became governor."

"I didn't say any such thing," Long's statement declared. "I said that I [illegible] were buying from the [illegible] or from companies in which they owned a controlling interest. I know that men and their wives were drawing $250 each.

KIWANIS CLUB HAS PROGRAM

Christmas Observed At Weekly Luncheon; Freeman Is Speaker

Members of the Monroe Kiwanis club, at their weekly luncheon, held at Hotel Virginia Wednesday noon, were informed by Dr. A. L. Peters that 10 baskets of groceries will be delivered on Friday to families who are in need. This is being done by the committee for aiding underprivileged children of which Dr. Peters is chairman.

Christmas carols were sung by a quartet consisting of Georgia Belle Goza, Ervie Lee Humble, Gene Wilder and J. C. Wallace, accompanied by Mrs. Moffett. The Christmas address was delivered by Dr. A. M. Freeman, who took as his subject, "A Real Christmas Gift," and stated that the real gift was the fortunate man. Basing his remarks on the beatitudes, he developed a picture of a man painted by a master artist.

"To be the fortunate man, one must be modest in needs and demands; one who knows sorrows and can really sympathize; one who is gentle and meek, not resentful nor who drives hard bargains; he thirsts for justice and better relations and understanding between men, who believes in the square deal for all, he is merciful and not too exacting, but is kind and forgiving, his heart is pure and he will not exploit the public and all that he does is done with no hope of personal reward.

"He is a peace maker, seeking to iron out misunderstandings; he is willing to be persecuted for being good, holds the even tenor of his way, is unaffected by changing opinions and a changing public, but takes it on the chin. This is the picture of the good citizen, the kind that is needed to make this world better. It is a picture we should study, to find how far short we fall of this ideal and as a Christmas gift promise ourselves to strive to make that picture our own."

A Christmas message was sent to Sid Moss, who is spending the holidays with his daughter in Los Angeles. Each member of the club received a pencil and greetings of the season from Sid.

SALVATION ARMY PLANNING ON ITS YULE OBSERVANCE

The Salvation Army will have its Christmas program Sunday morning and evening, and a tree will be prepared with presents for the kiddies.

The little red kettles that are placed on downtown street corners have not made the sum of money that was hoped for, stated Adjutant Glen Washburn. The goal that was desired to be reached was $250 but this sum will not be anywhere like realized. Much more money is required.

This money is used for the filling of Christmas baskets for the needy and for [illegible] after Christmas.

The [illegible] asked Thursday that the public do all that lies in their power to bring up the sum and assured that every cent will be used [illegible] the less fortunate ones in our midst.

GETS FIRST MOTOR RIDE IN HEARSE

PITTSBURGH, Dec. 21.—(AP)—Death has broken through Frances F. Helmold's guard against modernity.

Friends said the 98-year-old wealthy recluse's trip to the cemetery tomorrow probably will be her first in a motor vehicle.

Miss Helmold, who died after a long illness, reputedly was worth $1,000,000 but lived in obscurity within her well-shuttered 14-room mansion for 67 years. She shied from electricity, radio and motion pictures and until two years ago had no telephone, neighbors reported.

Automobiles, buses and street cars were entirely outside Miss Helmold's experience.

PERFECTION

The New York Institute of Human Art decided that comely Elaine Shepard is a completely model model on (1) Intelligence; (2) Features; (3) Hair; (4) Posture; (5) Hands; (6) Body measurements and (7) Poise. So they gave her a loving cup, the institute's first annual award.

ARGENTINA WILLING TO RECEIVE PROTEST

BUENOS AIRES, Argentina, Dec. 21 (AP) Foreign office attaches said today that Argentina naturally would receive and carefully study any protest of the German government over internment of officers and men of the scuttled pocket battleship Admiral Graf Spee.

They indicated, however, that an exhaustive research of international law practices had been made before the internment decree was signed.

video after a 14-hour battle December 13.

A burial plot was selected in the "German" cemetery, separated from British graves by a fence erected during the World war. Three hundred of the Admiral Graf Spee's crew were assigned to participate in funeral services this evening.

Otto Langmann, the German minister to Uruguay, who had conducted fruitless negotiations for extending the warship's refuge in Montevideo, was coming here with other diplomatic officials to pay tribute to the man to whom honor meant more than life.

The German admiralty issued a statement in Berlin saying Langsdorff did not wish to live past the sinking of his ship and that, after bringing his crew to safety, he viewed his work as finished and followed his ship.

It said the admiralty understands and honors this step.

This rule was followed when the Export-Import bank lent $25,000,000 to China. The money was used principally to purchase in this country trucks and manufactured goods.

In addition, it was pointed out, a direct war loan to the Finns might involve this country's relations with Russia.

Even more important, one member of congress said, would be the possibility that a loan to Finland might be considered as the first step toward precipitating this country into Europe's war.

On the other side of the ledger, this same lawmaker said, is an undeniable [illegible] Finland, which has been the only [illegible] to meet regularly its payments on its debt to the United States.

EARLY FAD NOW GREAT PROJECT

Christmas Seals Are Important Factor In Fighting Disease

"From a device originally looked upon as a passing fad to a campaign that has helped to arouse a nation against disease, is the story of the Christmas seal in the United States," G. B. Cooley, president of the Ouachita Tuberculosis and Public Health association, said Thursday.

"For 32 years, the national, state and local tuberculosis associations of this country have received support from the Christmas seal. In turn, they have used these funds to demonstrate the need for hospitals, clinics, nurses and other agencies for the control of tuberculosis. Ouachita parish now has its own tuberculosis sanatorium."

"Such demonstrations have been successful in stimulating provision for the tuberculous, until today in the United States more than 9[illegible] hospital beds are provided, as against 10,000 34 years ago; permanent [illegible]culosis clinics have increased from [illegible] to more than 1,000, tuberculosis associations have increased from a handful to 1,500.

"In every state in the U[illegible] the territories of Hawaii and [illegible] and in Puerto Rico, the Christmas seal has stimulated the organization of community forces to combat tuberculosis," he said.

He urges the purchase of seals to carry on this great work.

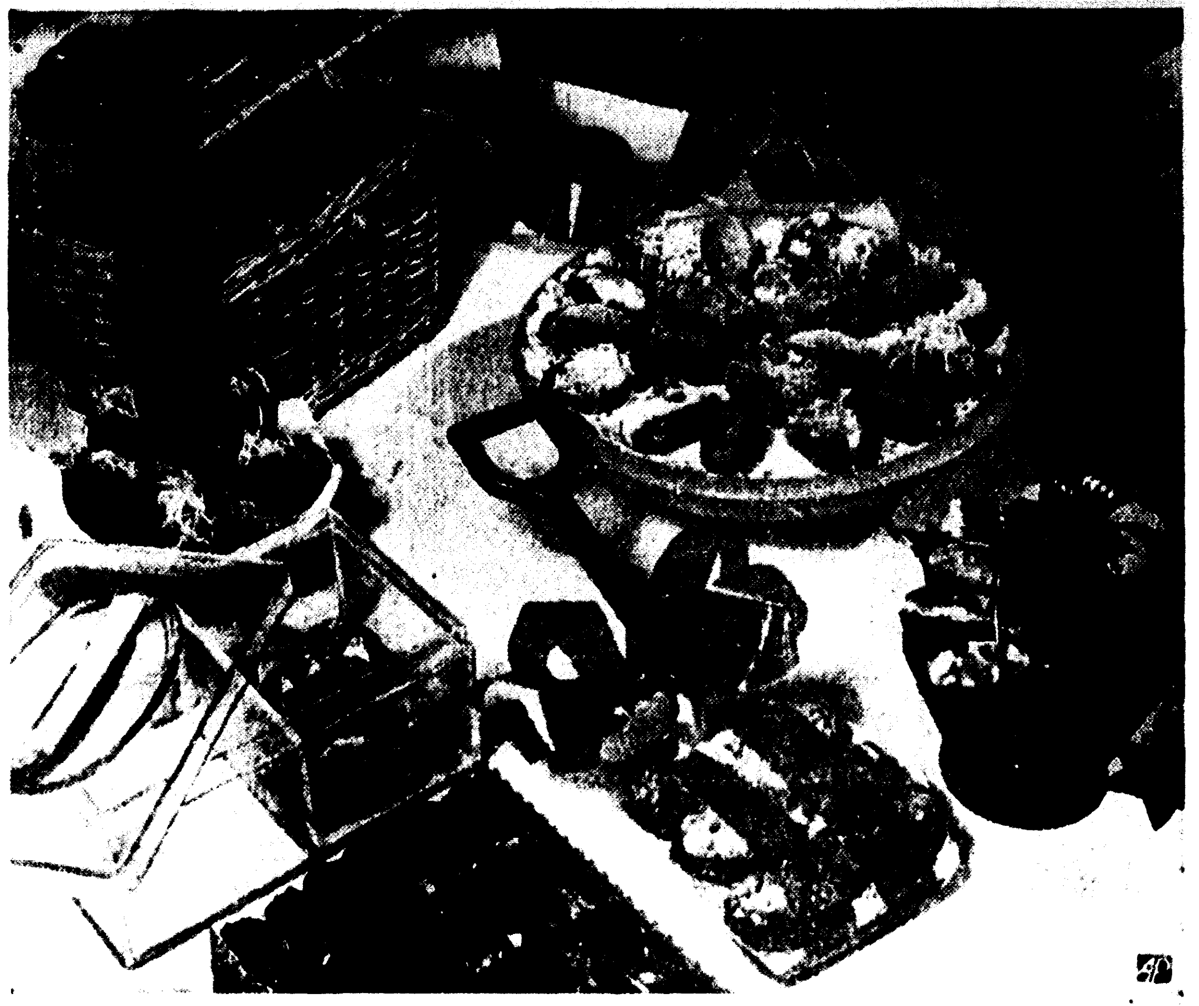
Holiday Larders Should Be Piled As Full As Christmas Stockings



Stuffed dates—orange filling, marshmallow, fruit, or any idea of your own—are holiday treats, especially when they're in holiday wrappings.

By Louise Bennett Weaver
[illegible] Press Feature Service Writer

Food preparedness will prove mighty helpful during the holiday whirl. It will give you more time to take part in the festivities and will help you with impromptu entertaining.

Stock pantry shelves with canned fish, meats and sandwich fillings, rel[illegible] crackers and marmalade. [illegible] refrigerator with fruits, [illegible] and dressings. Keep on hand a large order of sliced smoked ham and lots of eggs. A pot of baked beans won't come amiss either.

Bake date or raisin bread and steam some Boston brown bread with chopped prunes in it. Prepare extra cranberry jelly to brighten up meat and salad platters, a fish loaf and a bowl of jellied salad.

Be sure to have enough Christmas cookies to last over. When you think you have about enough, mix another batch and store the dough in the refrigerator. Cookies can be baked quickly when needed.

CHRISTMAS FOR ROOSEVELTS TO LAST 7 DAYS

WASHINGTON, Dec. 21.—(AP)—Half a dozen fragrant spruces, bright poinsettias, gifts by the score, and—you guessed it—a spray of mistletoe were being moved into a big white house on Pennsylvania avenue today as the Franklin D. Roosevelts prepared for a seven-day celebration of Christmas.

En route here from many points were a dozen members of the president's family ranging in age from nine months to 85 years.

Nothing has been left undone at the White House to make the occasion as homey and inspiring as in former years.

Workmen started "dressing up" the great lobby, whose floor bears the golden presidential seal. Two large wreaths were hung between the lobby columns, and a bit of mistletoe was suspended from the huge crystal chandelier.

Tiny spruces replaced the palms that ordinarily dot the entire first floor, and dozens of ferns made way for the poinsettia plants. Wreaths of laurel and pine cones lent color behind every window pane on the first and second floor.

The largest Christmas tree—a 20-foot giant—goes in the historic east room, the mirrored ballroom on the first floor that has felt the tread of princes and potentates of many nations. Its trimmings will be imitation snow, white streamers and white lights. It will be open to public view between 10 and 4 o'clock daily beginning Tuesday.

Gifts for the president and other members of the family have been arriving for days. None will be opened before Christmas except gifts of game and other perishables, including a 300-pound fruit cake.

Michael waited.

"The other evening," she went on almost immediately, "I went for a walk with Duncan. It was just at dusk—you and Tuck went for a drive, perhaps you remember. We went out along the river bank to look at the last of the sunset. It was very quiet and calm out there, and we sat down on a log to look out over the river. We stayed there quite a while, not talking much, just enjoying the evening and the quiet.

"It was nearly dark," she went on, "when the thing I want to tell you about happened. Remember, we were sitting there perhaps twenty feet back from the edge of the bank, just under the overhang of the trees. You know the place—there is a sheer drop of rock from the edge of the bank to the river below; it must be thirty feet down. No one could possibly climb up there."

"Bunny, just a minute," Michael said quietly. "Was this just this side of the first big ravine?"

"Yes."

"Go on."

"Well, we were just going to get up and come home—when, as true as I am sitting here, Michael, there was a man creeping along the ground between us and the edge of the cliff. He couldn't have come up over the cliff; he couldn't — I don't see how he possibly could have come all the way along the ground from the ravine. We were

TENNESSEE VOLS TO LEAVE TODAY FOR ROSE BOW

CAFEGO'S KNEE STILL MATTER OF DISCUSSION

Warren And Butler Groomed To Play Tailback If Necessary

KNOXVILLE, Tenn., Dec. 21.—(AP)—Tennessee's undefeated, untied and unscored on football team arranged to head for California's Rose Bowl today amid a lot of fuss over the injured knee of Halfback George (Bad News) Cafego.

Whether Cafego would be ready to rumble at top speed against Southern California in the New Year's day classic at Pasadena remained a big question.

Coach Bob Neyland rates the great halfback, who injured his knee in The Citadel (S. C.) game November 11, as "a player without a weakness."

He is making his game preparations on the assumption Cafego will be ready, but just in case Buist Warren and Johnny Butler, the sophomore flash, have been groomed for the tailback spot.

"Johnny Butler is doing so well I may not even get in the Rose Bowl game," Cafego commented. "Well, that Johnny is a threat every time he gets [illegible]."

BENGAL GUARDS ON SUGAR BOWL CARD

NEW ORLEANS, Dec. 21.—(AP)—The Bengal Guards of Orange, Tex., famed marching corps of 98 high school girls, is coming to the Sugar Bowl.

The New Orleans Mid-Winter Sports association announced Wednesday it had invited the corps to add color and pep to the football spectacle—as if anything were needed with the Texas Aggies playing Tulane and the Texans bring their noted "twelfth-man" cadet corps along.

The girls, known for their precision marching and drum-and-bugle attainments, will perform on the gridiron just before the game.

Mrs. Eleanor Roosevelt praised the girls' corps highly when they acted as her honor guard on her visit to Beaumont, Tex., in 1937.

The are reputed to excell in infantry drill regulations, featuring a "company front" in which they march abreast the length of the field. They play four different "drum marches" and six different tunes during every formation.

Beautiful, 17-year-old Becky Harris is the corps' baton twirler.

The Neville High school boxers go into action for the first time this season when they meet the Oak Grove aggregation tonight at 8 o'clock in Oak Grove.

After tonight's battle the Neville aggregation will rest until after the Christmas holidays before swinging into the thick of dual competition with such teams as Baton Rouge, Lafayette, LaGrange of Lake Charles, Mansfield and Farmerville.

HUTSON BREAKS PASS RECORDS

Former Alabama Star Either Holds Or Shares All Aerial Records

NEW YORK, Dec. 21.—(AP)—After only five years of professional football Don Hutson of the champion Green Bay Packers either holds outright or shares every pass-receiving record in the books of the National pro league.

The past season the former great Alabama end caught 34 passes for 846 yards and six touchdowns, breaking three more records and leading the league in that department for the third time in five years.

His yardage total was a new mark for one season. He raised his lifetime record to 159 catches for 2,893 yards, passing the former records of 135 catches for 2,155 yards set by John Blood in 11 seasons with Milwaukee, Green Bay and Pittsburgh.

Official figures released Wednesday show Hutson's wide superiority over all league rivals as an offensive end. His closest rival, Perry Schwartz of Brooklyn, snagged 33 passes for 550 yards. Jim Benton, Cleveland end, caught seven touchdown throws, one more than Hutson, but his total gain was only 388 yards.

Other leaders were Vic Spadaccini, Cleveland quarterback, with 32 catches for 293 yards, and Herschel Ramsey, Philadelphia, who caught 32 for 359 yards.

Ward Cuff of the New York Giants, who never kicked a field goal in college, led the league in this specialty for the second straight year. He booted 7 out of 16 attempted, while Ralph Kercheval of Brooklyn scored on 6 of 13 tries. Clark Hinkle of Green Bay compiled the worst record, cutting the bars only once in 10 attempts.

Kercheval kicked the longest field goal, a 47-yarder. A total of 52 were kicked during the season, breaking the former record of 48.

Grid Overemphasis Talk About As Old As Game

Attacks Spasmodic As Critics Get Nothing But Pain In The Neck

By Whitney Martin

NEW YORK, Dec. 21.—(AP)—There has been comparatively little talk of football overemphasis of late, possibly because the viewers-with-alarm have discovered, like the man who tried for nearly 50 years to turn around fast enough to see the back of his head, that all it gets them is a pain in the neck.

Overemphasis agitation is nearly as old as the game itself, and the pendulum seems to be swinging the other way now, particularly at Chicago, where the game reached a new low in underemphasis because the boys wouldn't take dough for an answer.

Anyway, the musty files of the old New York Tribune, dated 1893, show there is little new under the football sun, at least so far as public reaction to the game is concerned.

A lengthy editorial of that year deplored a situation in which "for two months each year football seemed to be the transcending interest of college students."

Calling attention to the fact that the game seemed to be engrossing too much of the time and too much of the thoughts of the collegians, the writer, as a remedy, proposed that eastern colleges abolish a practice of playing games in New York and henceforth hold all their contests in college towns.

The undue interest of the students wasn't the only target of the alarmists of that day. They saw in the game a brutality which they apparently viewed as not in keeping with the search for higher education.

The Yale team had taken a trouncing from Princeton in the November 30 Thanksgiving day game in New York. The Yale team, it seems, went directly to the depot after the game without bothering to change their football suits or even to cleanse the wounds of battle.

A writer describing the scene at Grand Central station declared it was a "bloody sight" and that any fathers who witnessed the scene would think twice before sending their sons to college.

As an indication, however, that the game might be cleaned up without destroying it, it was noted with satisfaction that the opposition to the use of the flying wedge promised an early modification of that play.

Apparently the overemphasis agitation ebbs and flows. It flowed like Old Man River early this year at Pittsburgh, where the game under Jock Sutherland seemed to be growing bigger than the school, with the result that football emphasis was cut down and Jock Sutherland so cut up about it he resigned.

On the whole, however, the public at large seems to take the sport for what it is—a big business with the emphasis on [illegible].

YOUTH HITCH-HIKES TO SEE VOLS PLAY TROJANS

MEMPHIS, Tenn., Dec. 21.—(AP)—Walter Maples Jr., 14-year-old Knoxville High school boy, hitch-hiked into town Wednesday, declared he hadn't missed a University of Tennessee football game in three years and didn't intend to start January 1 when the Vols play in the Rose Bowl.

"My folks worry about me a little," he said, "but they told me if I was big enough fool to do it," why go ahead—and here I am."

A laugh greeted suggestion that tickets were a bit scarce out there at Pasadena for the Tennessee-Southern California matinee.

"I'll go in with the players—I've done it before," he said as he tilted a thumb westward.

GLASS' INJURY TO ALTER PLANS

Tulane Soph Was Slated To Start At Tailback Against Texas Aggies

NEW ORLEANS, Dec. 21.—(AP)—Injury of Bob Glass, Tulane's 195-pound halfback from Massillon, O., may cause Coach Lowell Dawson to shift his Sugar Bowl plans drastically.

The sophomore whose 83-yard dash set up Tulane's winning touchdown against Louisiana State was tentatively slated to start against Texas A. and M., with Bob Kellogg going in after the Aggies had absorbed some of the Green Wave's attack.

Glass had to be carried from the field Tuesday, however, after his leg was battered in scrimmage. He was taken to a hospital and late Wednesday physicians said he would have to remain several days, with full seriousness of his hurts not yet determined.

As Kellogg's ankle injury suffered in the L. S. U. game hasn't mended altogether, Harry Hays is left as the only tailback in starting condition. Kellogg should be ready for the New Year's day game, but his ankle will still be somewhat tender, and if he is injured Hays—who has not shown any "iron man" ability—would have to carry the burden alone.

A possible answer would be to shift Buddy Banker from right half to left. He played the latter position the first half of last season, and as he has carried the ball more than any other Greenie this year should be able to take care of the chores.

Red Cassibry, who alternates with Buddy at right half, would share duties either with St. John Smith, No. 3 man at that position, or with Lenny Sauer, who has been held out this season. Sauer is a sweet-running back, but it is unlikely Dawson would use him—and lose him a year earlier—unless the victory hung on one play.

Dawson has not said what he would do about the situation until full extent of Glass' injury is known, but he is more than likely to do some experimenting in scrimmages Thursday and Saturday.

SPORTS ROUNDUP

By Fritz Howell

Pinch-Hitting for Eddie Brietz

COLUMBUS, O., Dec. 21.—(AP)—Before wrapping up the 1939 football season . . . how about a belated pat on the back for Chester (Red) Roush, a real iron man of the gridiron? "Red," end and captain of little Alfred Holbrook college at Manchester, O., played every minute of 34 games from 1936 through 1939. "Time" was never called for him in the four years. Roush had never played football and had seen but one game before enrolling at Holbrook.

Notre Dame's Elmer Layden, Cornell's Carl Snavely, Navy's "Swede" Larsen, Purdue's Mal Elward, and Indiana's Bo McMillan are just a few of the "foreign" coaches who have appeared this winter as guest speakers at Ohio high school football banquets.

Probably they are touring just for the fun of it, but Snavely said at Canton:

"The finest high school football in the country is played up here in northeastern Ohio. And if you can turn out one athlete in 10 years as good as Don Scott (Ohio State quarterback from Canton) and send him up to our university, I'll continue to think this is a great community."

Elmer Layden, addressing Toledo's Downtown Coaches' association, said: "It's a pleasure to be here, for I like to string along with a winner. . . . All downtown coaches are winners, for they play their games on Monday, two days after they've been completed on the field. In fact, I've never heard of a downtown coach losing a game."

Despite denials from all principals . . . the "inside" boys around the Buckeye capital insist Stanford is flirting with Francis Schmidt, Ohio State coach who introduced razzle-dazzle to the Big Ten. If Francis takes the coast job . . . and the "experts" say he will . . . don't be surprised if Earl Blaik is the next Buckeye coach. . . . If he can be shaken loose from his Dartmouth contract.

How'd you like to have Fred Tomlin of Glassboro, N. J., "drawing a bead" on you? Fred fired at 2,450 clay targets this year, and missed only 17, for an average of .9930 . . . the greatest ever compiled by a professional trapshooter.

Dr. Hugh Parshall of Urbana, O., the nation's leading trotting-pacing driver the last decade and a half, did all right in 1939. He won 57 races and 150 heats . . . taking down more than $87,000 in purses. Peter Astra, Hambletonian winner, grabbed $47,000 for Parshall in nine winning starts . . . the greatest one-horse earning since Hanover Bertha's $59,000 splurge in 1930.

Clemson, making its first start of the season, will be without Banks McFadden, the center, who is drilling with the Tiger football varsity for the Cotton Bowl game against Boston college in Dallas, Tex. McFadden is an all-America football back and an all-Southern conference basketball center.

Kentucky opened its cage season with an easy victory over Berea college but lost its second game to the University of Cincinnati last Saturday.

HARD-HITTING YANKEES ALSO BEST FIELDERS

Dickey, Crosetti And Selkirk Lead League At Respective Posts

By Tom Siler

CHICAGO, Dec. 21.—(AP)—Baseball's most powerful machine—the New York Yankees—is just as impressive catching a baseball as batting it against or over the wall.

The precise Yankees not only led the American league in fielding, as shown in official averages released Wednesday, but committed only 126 errors in 152 games, two more errors than the low league mark set by Philadelphia in 1932. Their team fielding mark was .978. Six points behind in second place was the Chicago White Sox.

The eight teams executed 1,183 double plays for the season, compared to 1,282 for last year. Washington led in this department with 167, the Yankees trailing eight behind as runnerup.

Three Yankees topped the fielders at their respective posts.

Little Frank Crosetti was far ahead of the other regular shortstops, playing 152 games for a mark of .968. Joe Cronin of Boston was second at .959, the Red Sox veteran playing 25 straight games at one time last summer without an error.

Bill Dickey, Yankee catcher and admittedly the class of the circuit, topped the catchers with a mark of .989, making seven miscues in 126 games. Mike Tresh, Chicago rookie, was second at .985.

Tops among the regular outfielders was the Yankee's George Selkirk, who made three errors in 124 games for a mark of .989. Rookie Barney McCosky of Detroit fielded .986 in 145 games and New York's Joe DiMaggio had the same mark in 117 games.

Young Ken Keltner of Cleveland was in a class by himself among third basemen. His .974 mark represented 13 errors and gave him a 16-point margin over Red Rolfe of New York in second place.

Detroit's old reliable Charley Gehringer again topped the second basemen, fielding .977 in 107 games. A point back of him was Bobby Doerr of Boston, who played in 126 games, making only 19 errors.

The ranking spot among first basemen was split between George McQuinn of St. Louis and Hank Greenberg of Detroit. Both fielded .993, McQuinn making 11 errors in 154 games and Greenberg nine errors in 136 games. Within two points of the leaders are four other regulars—Joe Kuhel of Chicago, Jimmy Foxx of Boston, Hal Trosky of Cleveland and Babe Dahlgren of New York.

Ten more or less regular pitchers committed no errors in the 1939 campaign, but the top spot goes to Al Milnar of Cleveland who accepted 43 chances without a bobble.

Odds and ends: Doerr of Boston went the first 32 games of the season without an error. . . . St. Louis and Washington outfielders handled 29 putouts in a single game, a new record. . . . Bill Dickey tied the big league record when he caught 100 or more games for the 11th straight year, tying the mark of Ray Schalk and Gordon Cochrane. . . . Detroit, the team fielding leader a year ago, dropped to sixth place in 1939. . . . In order below the Yanks were Chicago, Boston, Cleveland, St. Louis, Detroit, Washington and Philadelphia.

TROJANS WORK ON OFFENSE FOR VOLS

LOS ANGELES, Dec. 21.—(AP)—Drilling behind closed gates, the University of Southern California football team added another workout Wednesday in its preparations for the New Year's day game with Tennessee in the Rose Bowl.

Once again Coach Howard Jones stressed practice on offense, apparently figuring his Trojans can take care of themselves and the Vols' attack in the coming struggle.

Word was awaited on the exact time of arrival at Pasadena of Mayor Bob Neyland and his Tennessee warriors. The Vols are due to reach the Rose Bowl scene sometime before Christmas eve.

Southern California will move over to Pasadena for the final day of practice, occupying the same quarters used a year ago preparing for Duke.

Virtually all the University Southern California players are in good condition, the squad thus far escaping training injuries. Dummy scrimmage was pursued to avoid possible mishaps.

News that the knee injury of George Cafego, Tennessee's star ball carrier, was still a "mystery" was greeted with shoulder shrugs at Southern California. Cafego, it appeared, will be regarded as a big threat until proved otherwise.

CLEMSON PRACTICE CAMP INVADED BY INJURIES

CLEMSON, S. C., Dec. 21.—(AP)—Injuries invaded Clemson's practice camp Wednesday and although the condition of all affected was described as not serious, four players were forbidden to work out.

Regular Flankback Shad Bryant and starting Fullback Charlie Timmons were suffering, respectively, from sore throat and leg injury. Guard Frank Dietz and Tackle Ray Hamer, members of the reserves, also were out with injuries. Clemson plays Boston college New Year's day at Dallas, Tex.

The squad donned uniforms early in the afternoon for its first full daylight practice since mid-October.

TIGER ACE IS TOP SEEDED IN INDOOR TENNIS TOURNEY

NEW YORK, Dec. 21.—(AP)—To William (Bill) Umstaedter, Louisiana State university's Davis Cup prospect, goes the honor of being top seeded in the junior singles division of the National Junior and Boys' Indoor Tennis championships.

The parings for the first and second rounds of both tournaments were announced Wednesday by the United States Lawn Tennis association. The tournament will be held at the seventh regiment armory, starting December 26.

Also seeded in the junior division are: James Evert, Chicago, Richard J. Bender, Westfield, N. J., Gardner Larned, Chicago, Melvin Schwartzman, Tulane university ace, Judah Lober, DeWitt Clinton High school, New York City, Frederick V. Krais, Jr., Pelham Memorial High school, New York, and George L. Collins of Princeton.

Umstaedter will meet Adrian Hirshkorn, another DeWitt Clinton star, in his opening match Tuesday afternoon.

Robert Lee Bensinger of Tacoma academy, Md., was seeded No. 1 in the boys' tournament, followed by Irving Dorfamn of DeWitt Clinton High, Jack Geller of Scarborough school, and Albert Shafer of Tarrytown, in that order.

Joey Fisback of New York won the junior last year but is too old to defend his title. Will James Evert of Chicago, who won the boys' last year is contesting for the junior title this time.

BATTLE ROYAL WILL REPLACE TEAM BOUT

Promoter Gus Kallio last night said that the team match originally announced for next week's mat card at the Monroe Wrestling arena would be replaced with a 5-man battle royal.

Promoter Kallio stated that further explanation of the rules of the team match would be made at the Tuesday night bouts and that such an event would be scheduled here some time in the future. Contestants for the battle royal next Tuesday will be announced later.

The rules of the battle royal call for the elimination of the first man pinned in the free-for-all, with the next two matmen to go down meeting in a semifinal wrestling event and the undefeated pair tangling in a final bout.

The semifinal event will be for the best two out of three falls with a 45-minute time limit, while the final event will be the best two out of three with a 90-minute limit.

PELICANS MEET D'QUINCY SQUAD FOR STATE TITLE

Game At Homer Tonight Will Determine Class A Championship

HOMER, La., Dec. 21.—(Special)—The Homer High school Pelicans and the DeQuincy High school Tigers meet here Thursday night at [illegible] o'clock in a battle for the state Class A football championship. A crowd of 4,000 is expected.

The Tigers, south Louisiana titleholders, are reported powerful and fast and in good condition for the engagement. DeQuincy reached the state finals by walloping Ponchatoula, 20 to 0, last week.

The Pelicans, state champions in 1937 and present northern district champs, are plenty powerful with a heavy, veteran team that has made a good record so far this season. The Pels include in their list of victims such strong Class AA teams as Byrd of Shreveport and Ouachita of Monroe. They were beaten only 6 to 0 by Fair Park of Shreveport, runner-up for the state Class AA title.

However, the Homer aggregation will be taking no chances with DeQuincy as the locals remember what a tough time they had last week beating the Tallulah Trojans, an aggregation that wasn't considered as having a chance. The lighter and less experienced Tallulah team held the Pels to a 14-to-0 victory, and then it took a blocked punt and an intercepted pass to beat the Trojans.

Homer's title chances will depend a lot on the work of Gene Chadwick, veteran 195-pound fullback, who scored all the points against Tallulah in the north Louisiana title game. Chadwick, who was a member of Homer's 1937 state title eleven, will be playing his last game for the Pels. Other backs the Tigers will have to watch are Stub Adkins, quarterback, and Halfback W. E. "Bo" McKenzie. Leary Shaw, guard, is a power in the Homer line.
